

See Your Name.... *Engraved in Stone*

The Yaquina River Museum of Art (YRMA) is sponsoring a brick campaign to raise funds for education. Join us by having your name *Engraved in Stone* at the 1887 School House in Legacy Arts Terrace !

An engraved brick is a good way to remember your parents, teachers or mentors. It is a good way to celebrate an event, a timeline in your life or your loved ones. Tell your friends about this opportunity to contribute to YRMA (a non-profit organization) for art education in the Toledo community and surrounding east county.

1887 School House Museum & Office
